WILL THERE BE WAR?

LONDON, Sept. 14.—Nothing is known in official circles in regard to Prince Alexander's visit to England. The prince will remain at Sandringham for a week, his presence, his health being

shaken.

A great excitement was caused at London to-day by the unexpected receipt of orders from the admiralty to expedite the completion of men-of-war. Workmen were to be employed day and night if necessary.

This activity is regarded as indicating possible continental complications.

The morning Post's Berlin correspondent says Austria has formally notified Germany that Austria will oppose any attempt by Russia to interfere on the side of the Bulgarians. A secret messenger has arrived for Saxe-Coburg with important dispatches for Empress Elisabeth. Austrian newspapers, while denouncing the possible necessity of war against the Congress, would form a strong political party for the support of the government's colonial cause.

The Cologne Gazette says twenty thousand officers are going to Bulgaria to occupy the highest military posts.

Herero Times recently informed Count Kinsky, the Austrian prime minister, that he was unable to induce German emperor to consent to Russian occupation of Bulgaria.

The train was divided into three sections and when passing stations the windows were closed in order to prevent discovery of the carriage occupied by the car. After the maneuvers the car will go to Spala, in Poland, where similar preparations will be taken for his return to St. Petersburg.

RUSSIA AND AUSTRIA READIES.

LONDON, Sept. 14.—It is remarked that although the Emperor Francis Joseph is at Preymysl, in Galicia, and the czar at Brest-Litovsk, in Poland, not more than 200 kilometers apart, neither gives any sign of desire to enter into a conflict with the other. In fact, neither sent the other greetings even by deputy. The Note from Prague of Vienna, comprising of the war-breach of courtesy towards Austria. It is noteworthy that the Russian military maneuvers are taking place at the precise corner of the Russian dominions which would be the principal theatre of war in the event of a Russian conflict with Austria. The Emperor Francis Joseph at the same time reviewing an equal number of Austrian troops, totalling over 60,000 men, at a point which would naturally be chosen as the Australian base of operations in the event of a conflict.

WHAT THE CZAR WILL DO.

SOPOT, Sept. 14.—The national assembly met to day. The Russian agent has received the czar's reply to Bulgaria's proposals. The czar says, "Russia will recognize the Bulgarian regency, and assist in the union of Bulgaria and Eastern Roumania on the condition that the former, in view of its present position in Bulgaria, will not interfere in the internal affairs of the latter." Russia's agent has not yet communicated the terms reply to the Bulgarian government because the relations between the present Bulgarian ministers and themselves are very strained. During a sitting of the national assembly to

day several deputies proposed that the Bulgarian government send a telegram to the czar requesting him to communicate directly with the Bulgarian government instead of through the agent. A German looking telegrapher passed from the Bulgarian government to a raising a less than favorable note.
